“ WineShop At Home has been a life-changer for myself and my family, encompassing personal growth, flexibility, traveling around the world, lasting friendships, promotions and pay raises for working my business!”

- RACHEL THOMPSON

WINE CONSULTANT SINCE 2014

“ I’m a retired Kindergarten teacher who was a little afraid of not having enough activity, and quite honestly, enough extra income to feel comfortable in my retirement. While attending a friend’s Tasting, I was invited to consider becoming a Consultant. The low-risk start-up cost, earning potential and tax breaks, all merging together with wine made joining a win-win!

When I started, I knew very little about wine or sales. Through the vast, flexible training opportunities, the ongoing support of my Leaders and fellow Wine Consultants, I am not only increasing my knowledge about wine, but also learning how to build my mindset, income and business in ways that are fun, meaningful and keeping me on the path to my retirement dreams!”

- CINDY BLAKELY

WINE CONSULTANT SINCE 2016

“ The flexibility to earn money and make my own schedule is a dream come true. I’m my own boss and get to spend more time with my family.”

- NELSON LOPEZ

WINE CONSULTANT SINCE 2009

“ When I joined WineShop At Home in 2015, I was married, had a full-time career and was raising two boys. WineShop At Home was my bonus income! A year later, I was laid off from my corporate job. My part-time wine business was generating enough monthly income that I was able to stay home and take my sons out of daycare. It has allowed our family a more flexible lifestyle which has brought us all closer together. What a blessing WineShop At Home has been to myself, my husband and my sons!”

- CRIS CHRISTENSEN

WINE CONSULTANT SINCE 2015

“ I am meeting new people, introducing them to our amazing, award-winning wines, teaching and learning a little wine 101, all while earning extra income. I can now pay for my husband and I’s new love of travel!”

- RONI LEE GIBSON
